Christmas Wishing

by AL ORSOM

[1. Verse]

Do you ever get the feeling
that we're wasting our time
when being together
could feel so fine

[Pre-Chorus]

I only got one Christmas wishing
Now I know what I am missing
and it's you, you my beautiful girl

[Chorus]

My only wish for Christmas
is to be with you
it's just a simple Christmas wishing
I hope will come true
oh I do- oh I do

[2. Verse]

Every time I sit and wonder
if my dream will come true
I hope for a miracle
Tell me, what's left to prove

[Pre-Chorus]

Imagine magic Christmas morning
when all the gifts is showing
and there are you, you my beautiful girl

[Chorus]

My only wish for Christmas
is to be with you
it's just a simple Christmas wishing
I hope will come true
oh I do- oh I do

[Bridge]

When will Santa make my dream come true
I'm so in love with you
All I want for Christmas- is you

[Chorus]

My only wish for Christmas
is to be with you
it's just a simple Christmas wishing
I hope will come true
oh I do- oh I do
