## Erasing Memory Time

### Erasing Memory Time

by AL ORSOM

#### [1 Verse]

Some says  
that time heals  
a wounded heart  
how come  
that mine still hurts  
so badly

#### [Pre-Chorus]

I am waiting for  
that turning point  
to come

#### [Chorus]

It's erasing memory time  
even though my heart says go  
I still have to say no  
It's erasing memory time  
you have done nothing wrong  
'just have to sing this song  
- For you

#### [2. Verse]

You claimed  
that when it comes to love  
it goes unsearchable ways  
I said

#### [2. Verse continued]

my heart goes ballistic  
every time you are near

#### [Pre-Chorus]

Am I wasting some  
precious time  
we could share together

#### [Chorus]

It's erasing memory time  
even though my heart says go  
I still have to say no  
It's erasing memory time  
you have done nothing wrong  
'just have to sing this song  
- For you

#### [Bridge]

I'm surely gonna miss  
the look of your smile  
The memory of your beautiful face  
and your deep and clear hazel eyes  
It just won't go away

#### [Chorus]

'just have to sing this song  
- For you
