## EVERY TIME

### Every time

by AL ORSOM

#### [1. Verse]

Here is a plea  
my heart is saying yes, why can't I go  
- go to, where everybody knows  
it just doesn't seem right - doesn't seem right

#### [2. Verse]

Here is a plea  
every time I keep on thinking 'bout you  
there's so many miles between us  
can't you tell me - tell me why

#### [Chorus]

Every time I am lonely  
Every time I am in my heartache  
All night long I am searching  
All night long I am right here waiting  
You could be the one to ease my pain

#### [3. Verse]

Look at me now  
I'm about to go insane, in a bliss  
Your heart belongs to another  
that is so - oh, so painful

#### [4. Verse]

He builds you a home  
How can I compete with that, just tell me  
I wanna do the same, if you let me  
and make your happiness

#### [Chorus x 2]

Every time I am lonely  
Every time I am in my heartache  
All night long I am searching  
All night long I am right here waiting  
You could be the one to ease my pain

You just can't hear me now
