HOW COME

How Come

by AL ORSOM

[1. Verse]

I'm sitting' here writing
Another song for you
I really don't know
What I'm supposed to do

[Pre-Chorus]

I guess it's just another fail

[Chorus]

How come- I couldn't just forget you?
How come- I couldn't just forget you?

[2. Verse]

My mind is torn
So many things left unsaid
As I go to sleep
Tossing and turning for another day

[Pre-Chorus]

I often wonder how are you doing?

[Chorus]

How come- I couldn't just forget you?
How come- I couldn't just forget you?

[Bridge]

I'd like to know
If you're ever thinking about me
Cause' I'd really like to know
I've got to show
You how I feel about you
What have I got to do – let me through to you...

[Chorus]

How come- I couldn't just forget you?
How come- I couldn't just forget you?
