## I Wanna Know

by AL ORSOM

### [1. Verse]

I'm praying more than you would know  
Much more than feelings show  
I'd let my temper run loose  
And got lost in what to choose

### [Pre-Chorus]

Don't get me wrong  
I'm out of touch  
Knowing I could lose so much  
And many times, I tried to reach out to you  
I saw you sad again, will this story ever end

### [Chorus]

I wanna know  
If it's too late now  
I wanna know

If it's too late now – uhh uhu  
I really wanna know  
If it's too late now

### [Verse 2]

My situation playing for keeps  
But my soul went in too deep  
I know my heart belongs to you  
Now can you tell me what to do

### [Pre-Chorus]

And now I am sorry that's for sure  
Maybe I can find a cure

### [Pre-Chorus- continued]

I never meant it to be like this  
What am I supposed to do; how can I make it  
through?

### [Chorus]

I wanna know  
If it's too late now  
I wanna know

If it's too late now – uhh uhu  
I really wanna know  
If it's too late now

### [3. Verse]

As shadows softly fading out  
I can see you're filled with doubt  
I know your heart is standing by  
Even though I made you cry

### [Pre-Chorus]

Now you see an aimless man  
You could never understand  
One fine day I hope you will wake up and see  
Maybe meet again and wish for us to be

### [Chorus]

I wanna know  
If it's too late now  
I wanna know

If it's too late now – uhh uhu  
I really wanna know  
If it's too late now
