Waves

Waves

by AL ORSOM

[1. Verse]

I watch you shine in the weary sky
In a dream I don't know why
Time made it pass us by
And we still wonder why

[Pre-Chorus]

Now we see waves in the velvet sky
Show us light in the blink of an eye
We are holding our tears in mind
Then unlock our space in time

[Chorus]

Imagine dreams full of hope
Imagine waves of unknown sorrow
Floating light above the sky
Trying to cope with my deepest thoughts

[2. Verse]

Will you catch me if I fall
While falling no one's there to rescue

[2. Verse - continued]

Still hear that slamming door
Oh, that can make a heartbeat sore

[Solo]

[Pre-Chorus]

Now we see waves in the velvet sky
Show us light in the blink of an eye
We are holding our tears in mind
Then unlock our space in time

[Chorus]

Imagine dreams full of hope
Imagine waves of unknown sorrow
Floating light above the sky
Trying to cope with my deepest thoughts

Imagine waves of unknown sorrow
Imagine waves of unknown sorrow
I see waves
