

All at Once

All at Once
by AL ORSOM and DeeKay

[Verse 1]
Early morning
I awake by your absence
an empty space next to me
remind me of the truth

[Pre-Chorus]
And hopefully I pray
For just one more day
And hopefully I say
Please come back to stay

[Chorus]
All at once
This thing we had
It just crumbled to dust
All we did- all we tried
Didn't do no good
No matter how much we tried
It just crumbled to dust

[Saxophone solo]

[Verse 2]
In a second
I could almost feel you
Softly we embrace
And then you're gone without a trace

[Pre-Chorus]
And hopefully I pray
For just one more day
And hopefully I say
Please come back to stay

[Chorus]
All at once
This thing we had
It just crumbled to dust
All we did- all we tried
Didn't do no good
No matter how much we tried
It just crumbled to dust

[Saxophone solo]
[Chorus] It all just crumbled to dust- It all just crumbled to dust
