

Cemented Souls
by AL ORSOM

[Verse 1]
I keep your name in mind
Like a mark in the heart
I try to act like I'm fine
But it hurts just the same
I fold my hands in the dark
Try to stay composed
But every hour without you
Feels like I'm froze

[Pre-Chorus]
I hold it in
Till I shake
I hold my breath
Till it breaks

[Chorus]
Cemented souls
You and I
Cemented souls
Still tied inside
I can't let go
I can't move on
Cemented souls
When you are gone

[Verse 2]
Your words still hangs by the door
Like you might come back
I pass it, then I pass it again
Out of habit, out of lack
My chest gets tight at midnight
My mind won't rest
I'm half a ghost in this town
With your name in my chest

[Pre-Chorus]
I hold it in
Till I shake
I hold my breath
Till it breaks

[Chorus]
Cemented souls
You and I
Cemented souls
Still tied inside
I can't let go
I can't move on
Cemented souls
When you are gone

[Bridge]
Say you feel it too
Say you're not through
I've been standing still
Just to stay with you
If love can bruise
Then let it show
'Cause I'm still yours
And you already know

[Final Chorus]
Cemented souls
You and I
Cemented souls
Still tied inside
I can't let go
I can't move on – I can't move on
Cemented souls
When you are gone

I'm still here
Through every fear – I can't let go – I can't move on
Cemented souls
When you are gone
