

Don’t Look Away

Don’t Look Away
by AL ORSOM and DeeKay

[Verse 1]
Since you've gone and vanished
Like an immortal flower
I lost a friend, a lover
Because I went too far

I got into deep water
And I couldn't find a way to swim
I’ve told you I'm sorry
But you just said that I shouldn't care

[Chorus]
Don't look away now
I'm tryin’ to explain why
Don't look away
I didn't mean to hurt you
I didn't mean to hurt you

[Verse 2]
Don't cross the streams
Your friend told me later
Take me back in time
And I won't even touch you
I have learned by this mistake
I'll never cross the streams again
Never cross the streams again

[Chorus]
Don't look away now
I'm tryin’ to explain why
Don't look away
I didn't mean to hurt you

[Bridge]
If I told you that I regret
Would you forgive me or say it’s too late
If I ask you, we are still friends
Would you say so the story ends

[Chorus]
Don't look away now
I'm tryin’ to explain why
Don't look away
I didn't mean to hurt you
Don't look away now
I'm tryin’ to explain why
Don't look away
I didn't mean to hurt you
Don't look away
