

Reset
by AL ORSOM
Performed by AI-vocalist Rubert Hinges

[Verse]
I came across a thought today
My mind wandered far away
What if we haven't met before
What if we did not slam the door

[Pre-Chorus]
Could we ever find back
Back to the time where we were friends
I know it is a matter of making things right
But I need a guiding light

[Chorus]
It is time to reset
Reset from what once was
Erasing all that time that's lost
And be aware of the cost
[saxophone solo]

[Verse 2]
I understand if you think it's too late
Oh, but I would die for a date
If only I could get a glance
And equalize the distance

[Pre-Chorus]
Could we ever find back
Back to the time where we were friends
I know it is a matter of making things right
But I need a guidin' light

[Chorus]
It is time to reset
Reset from what once was
Erasing all that time that's lost
And be aware of the cost

[Keychange]

[Chorus]
It is time to reset
Reset from what once was
Erasing all that time that's lost
And be aware of the cost
