

Secret Admirer

by AL ORSOM
Performed by female AI-vocalist:
Carrie Maryfield

[Verse 1]
You looked at me like you knew
What I've been hidin' in plain sight
One touch and I'm sold
One glance and it could be so bright

I caught your stare in the crowd
Like you already knew my name
My mouth went dry; my heart ran wild
Now nothing feels the same

[Pre-Chorus]
Say you feel it too
Say you want it now
We can keep it quiet
But don't know how

[Chorus]
You light my fire
I want you, I desire
Come a little higher
Secret admirer
We both want more tonight
(Secret admirer)

[Verse 2]
Your hand near mine, then it stops
Like you're askin' me to lean in
I'm bitin' back every thought
I'm ready to let this begin

You wear that look so dangerous
Makes me forget what I should do
I've been holdin' this back
Tryin' not to rush to you

[Pre-Chorus]
Say you feel it too
Say you want it now
We can keep it quiet
But don't know how

[Chorus]
You light my fire
I want you, I desire
Come a little higher
Secret admirer
We both want more tonight
(Secret admirer)

[Bridge]
No games, just this
No fear, just bliss
If you come closer
I'll let you in
You and me, pressed close
Like a secret we can't hide
(We can't hide)
One look, one kiss
And we both decide

[Final Chorus]
You light my fire
I want you, I desire
Come a little higher
Secret admirer
We both want more tonight
(Secret admirer)
