

Seize the Day

by AL ORSOM

[Intro Bridge]
Uhhuuu, the sky's so wide
Uhhuuu, just enjoy the ride
Every little wonder waiting there
Love and laughter everywhere

[Verse 1]
Morning light is painting gold
On the rooftops, bright and bold
Coffee laughs and sparrows sing
Every little thing's a spring

Flowers dancing in the breeze
Whisper secrets through the trees
Barefoot hearts and open skies
Magic lives in simple sights

[Pre-Chorus]
Oh, the world is waking up
Every moment fills my cup

[Chorus]
Seize the day, let your spirit sway
Turn your face into the sunshine rays
Hear the birds, feel the ocean spray
Life is calling out — seize the day!

Dance along with the rolling tide
Carry joy like the waves collide
Every smile is a song to play
Come alive and seize the day!

[Verse 2]
Children running through the park
Fireflies will light the dark
Old guitars and window tunes
Summer humming afternoon

Take a stroll beside the sea
Salt air setting worries free
Shells and footprints in the sand
Happiness is close at hand

[Pre-Chorus]
Oh, the colors shine so bright
Every heartbeat feels so light

[Chorus]
Seize the day, let your spirit sway
Turn your face into the sunshine rays
Hear the birds, feel the ocean spray
Life is calling out — seize the day!

Dance along with the rolling tide
Carry joy like the waves collide
Every smile is a song to play
Come alive and seize the day!

[Bridge]

[Final Chorus]
Seize the day, let your spirit sway
Leave your worries chase the clouds away
Feel the rhythm of the earth on replay
Every second is a gift today

Dance beneath the golden blue
Nature sings for me and you
Open your heart and find your way
Wake up smiling — seize the day!
