[Verse 1]
This is a song about a girl I once knew
- and keep in mind
A loving caring kind
I don't know if she's even listening at all
And now I am standing small

[Chorus]
Looking at a fading light
A picture of a letter from a long-lost time
Bearing in mind
Carrying in your soul

[Piano solo]

[Verse 2]
Wish I could be a cliff in the dark
Wiping away those sad and tender tears
For what it's worth
Longing for all those years

[Chorus]
Looking at a fading light
A picture of a letter from a long-lost time
Bearing in mind
Carrying in your soul

[Bridge]
I know I should have been there
Now the truth is hurting
Can't find light in the dark
Will it ever be okay
Writing you in CAPITAL LETTERS

[Chorus]
Looking at a fading light
A picture of a letter from a long-lost time
Bearing in mind
Carrying in your soul

[Post-Chorus]
Will it ever be okay
Writing you in CAPITAL LETTERS
