[Verse 1]
Clock is ticking
Seasons spinning
I said tomorrow
Now only sorrow
Train has left
With all that's lost

[Build-Up]
I saw the light
I hit the brakes
Too damn afraid
of my mistakes

[Chorus]
Love is overdue
The chance is gone
I stayed too long inside the darkness
The door is closed, the lights went out
Love went overdue

[Verse 2]
I feel i'm drowning
forgot to swim
Every dream I saved<
Vanished in the sand

[Build-Up]
The world was moving
While I stood still
The room goes black
There's no turning back

[Chorus]
Love is overdue
The chance is gone
I stayed too long inside the darkness
The door is closed, the lights went out
Love went overdue

[Outro]
Time flows one way
Silence stays
Too late now
Love is overdue
