[Verse 1]
I woke up on Pine Island
With sand on my face
No map in my pocket
Lost without a trace

The trees kept their secrets
The tide ate the sand
I followed the silence
Like it had a hand

[Pre-Chorus]
And the water kept talking
But it never said why
My shadow was drifting
My thoughts went dry

[Chorus]
Lost on Pine Island
(oh, Pine Island)
Lost in my mind
(oh, my mind)
The dark keeps calling
I answer sometimes
Lost on Pine Island
Lost in my mind

[Verse 2]
There's a house with windows
All covered in blue
I swear I've been there
In a dream or two

My thoughts are the gulls now
Circling low
They pick in my footsteps
Wherever I go

[Pre-Chorus]
And the moon hangs heavy
Like a coin in the sky
I try to remember
But it slips by

[Chorus]

[Bridge]
If you hear me drifting
Don't call out my name
I might be a stranger
Made by this pain

I'm out past the waterline
Past the last light
Where the lonely and hollow
Keep each other alive

[Final Chorus]
Lost on Pine Island
(oh, Pine Island)
Lost in my mind
(oh, my mind)
The dark keeps calling
I answer sometimes
Lost on Pine Island
Lost in my mind
