[Verse 1]
I closed the store early today
Driving home for Christmas
Lookin' at all that shining light
Full of hope for a joyful Christmas eve

[Pre-Chorus]
But somethings not right
Somethings is missing
It seems quiet here
when you're not near

[Chorus]
It's that time of year
where love is all around us
But only thing I hear
Is the beat of my lonely heart
It surely gonna be
A Quiet Christmas

[Verse 2]
I see children playing in the park
throwing snowballs in the wind
They've got loved ones laughin'
They are holding each other's hands

[Pre-Chorus]
But somethings missing
Somethings isn't right
when you're not near
It seems so quiet here

[Chorus]
It's that time of year
where love is all around us
But only thing I hear
Is the beat of my lonely heart
It surely gonna be
a quiet Christmas

[Bridge]
If I could only take the leap
my heart is saying go
I hope I'm not turned down again
now no one's gonna win

[Chorus]
It's that time of year
where love is all around us
But only thing I hear
Is the beat of my lonely heart
(It surely gonna be
a quiet Christmas) X2
